

The background features a dense pattern of light blue water droplets. Overlaid on this are stylized circuit lines in a darker blue, with some lines ending in small circles, resembling a network or data flow diagram.

最好的福氣

The Most Wonderful Blessing

願我的心讚頌我的主
願唱出讚美感恩的話語

My heart is longing to praise the lord
Sing praises with my thankful heart

在你恩典中, 幾多的好處
清早到晚上也未停住

In your grace, I can't stop counting your
blessings day and night

藏在你帳幕的隱密處
渴想一心盡力愛主

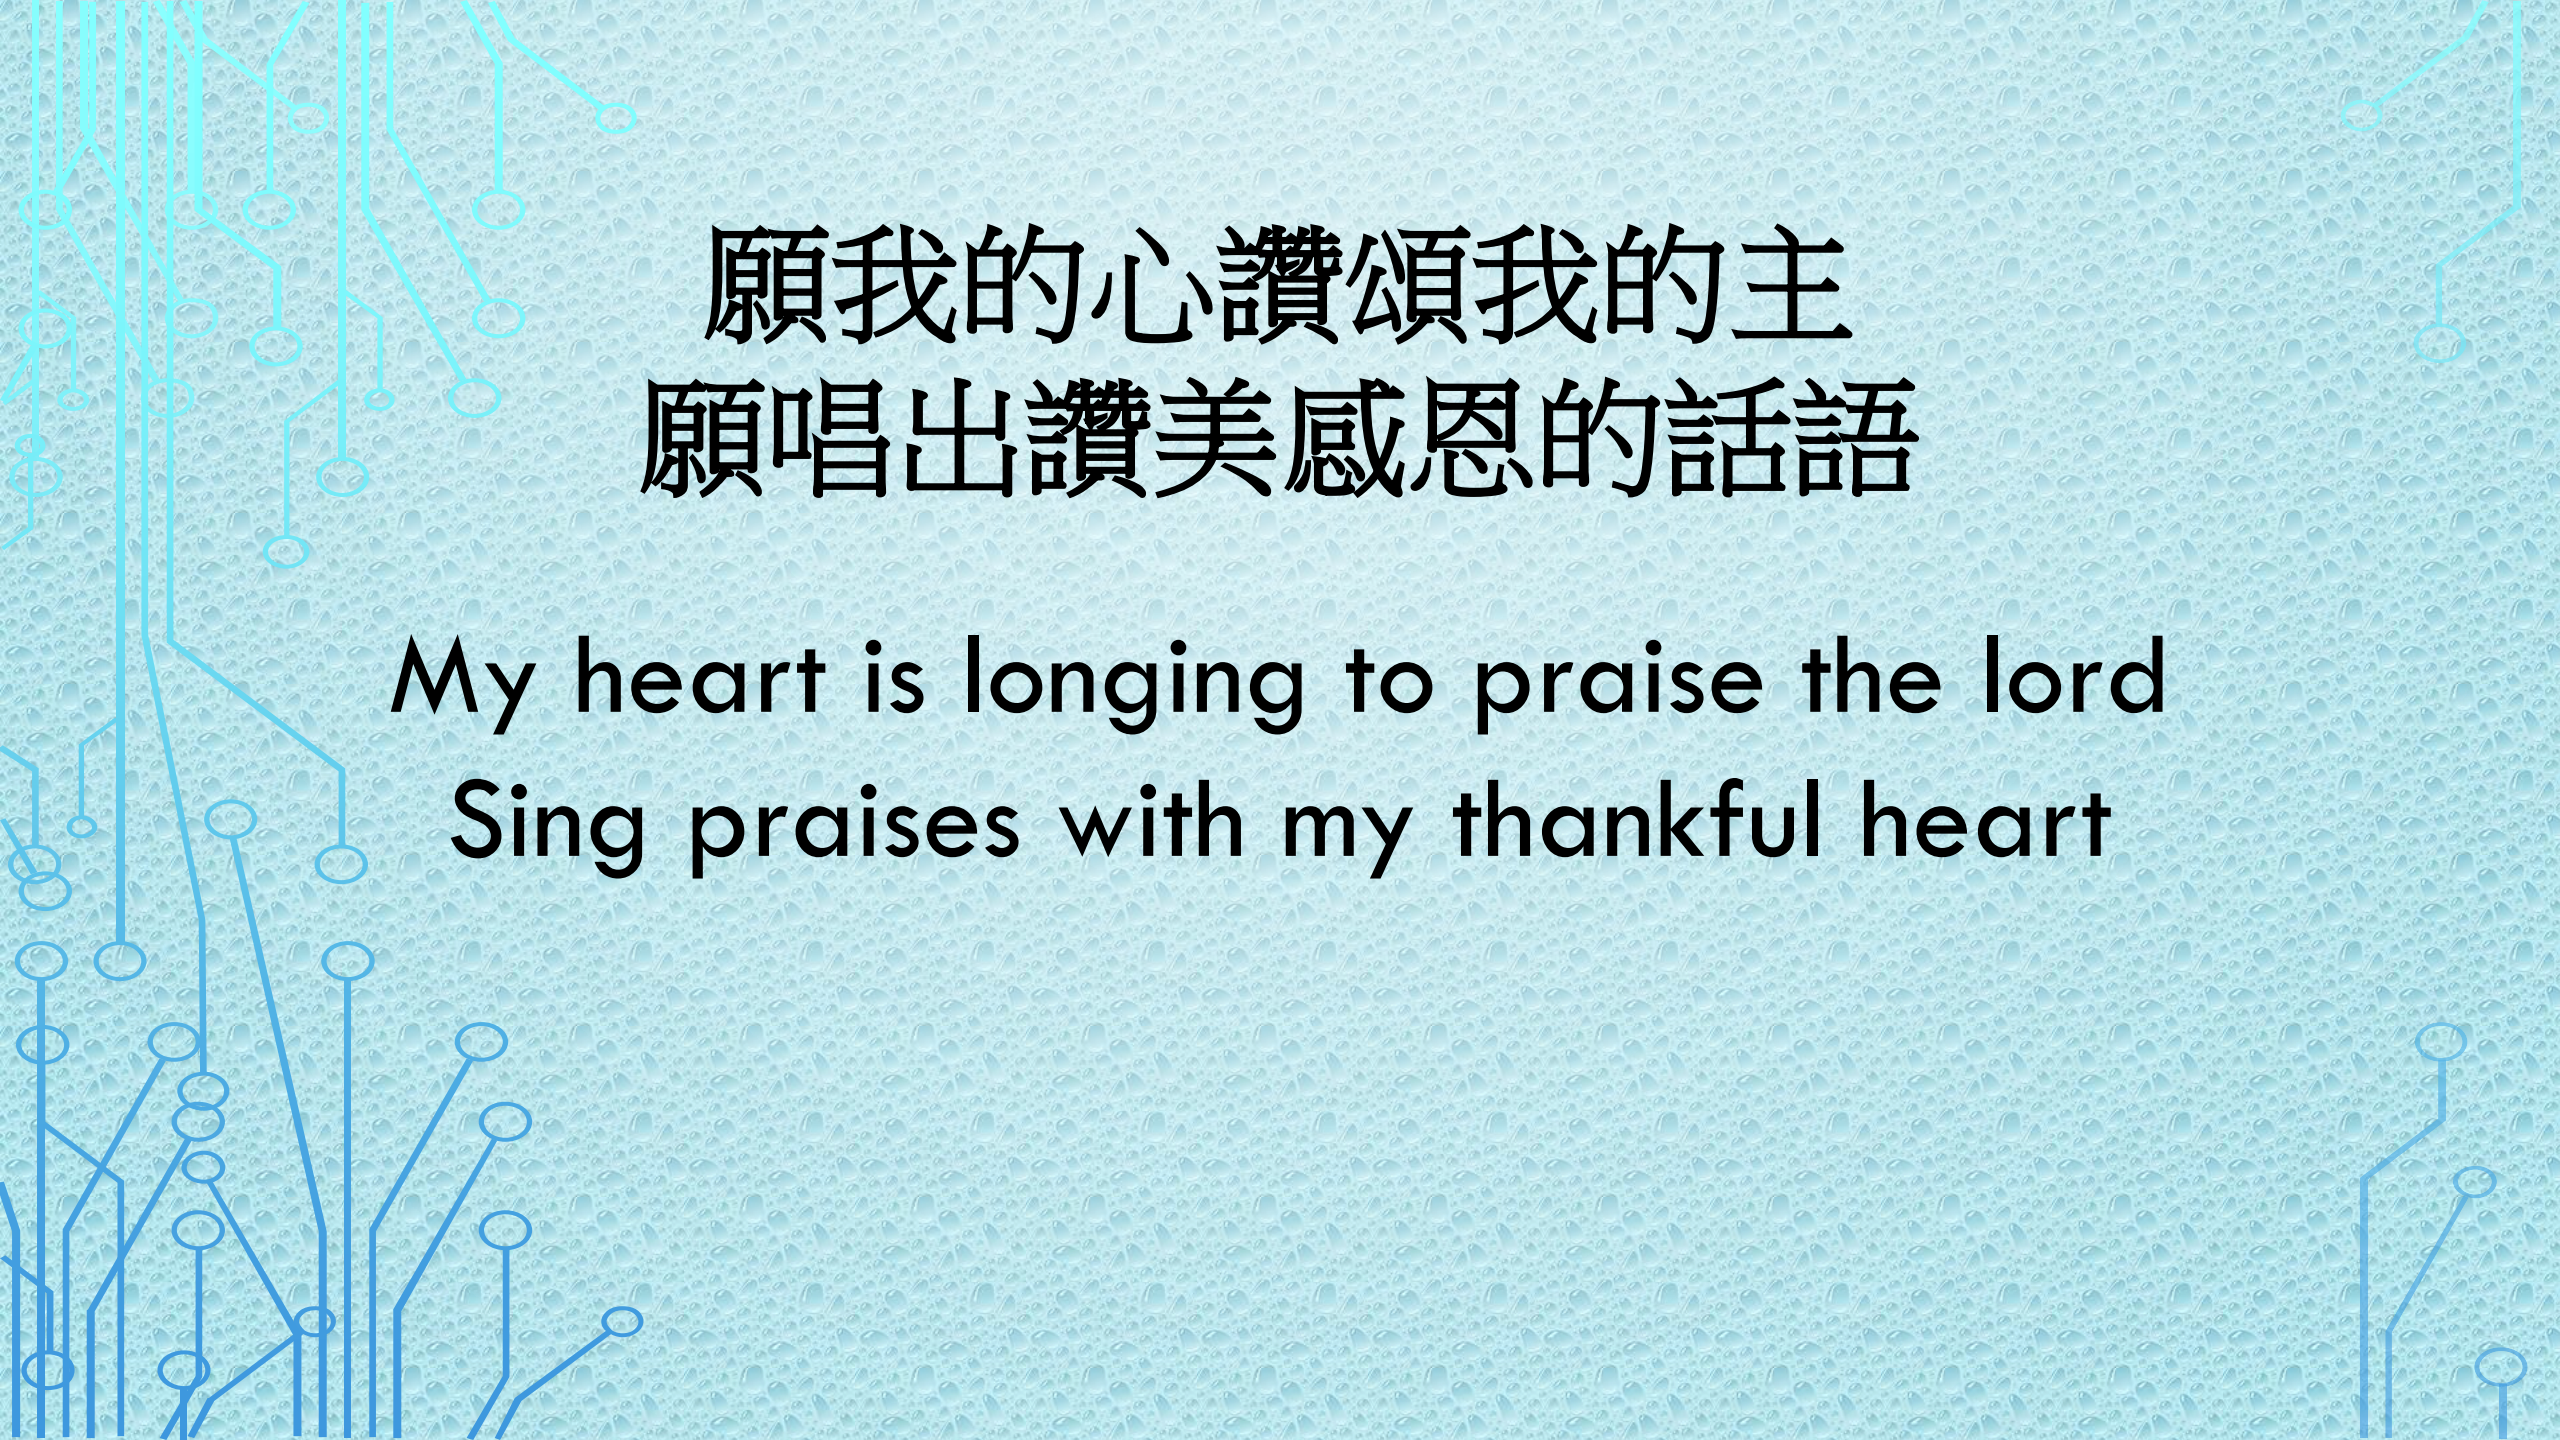

Hidden in the secret place of my heart
longing to love the Lord

也許一生多困苦
被世間撇棄恨惡
但你總看顧，樂意攙扶
愁悶慨嘆變作歡呼

Perhaps my life is full of hardship
But you always look after me
Turned gloomy lament into cheers

人海中多昏暗迷糊
但我的心始終堅固
投靠你，便覺恩典豐富

More confused in the dark sea
but my heart has always been strong
Seek refuge with you
enjoy your abundant grace

也許心中感痛悲
甚至失去了力氣
讓我抓緊你，熱暖的手臂
攜著我再振翅高飛

Perhaps my heart is full of sorrow
even loss of strength
I will hold on to you
flying high with your loving arms

人海中雖顛沛流離
但你應許不捨不棄
投靠你，是最好的福氣

Sea, although displaced
but left not abandon your promise

Seek refuge with you
is the most wonderful blessing

全賴有著你
才令這生極美

Devote my life to you,
turn my life into a beautiful story
